Motions For Judge Recusal under 28 USC 455(A)(B)(C) in Each
of the 33 Listed Cases Above

Jonathan Lee Riches moves for Judge Willis B. Hunt's recusal under 28 USC 455 (A)(B)(C) in each of the 33 above listed cases because of Hunt's personal and financial conflicts of interest with each case's defendants listed. This caused me prejudice and judicial bias. The Judge failed to recuse himself or let it be known on record he knows the defendants in each of the 33 cases, he does banking with defendants, he's related to the defendants and he has stock ownership with the defendants in the 33 listed cases. This is a miscarriage of justice, I was denied fair hearings and I seek a new Judge for all the 33 listed cases. I have a constitutional right to fair hearings. Judge Hunt was told by each defendant in the 33 cases to dismiss these cases in return for Judge Hunt collectively receiving 1 million dollars each, that's 33 million Judge Hunt received. This is not fair,

respectfully
