### Class Features:

All of the following are class features of the amazon.

**Weapon and Armor Proficiency:** The Amazon is proficient with simple and martial weapons, with light armor, and with shields (except tower shields).

**Bonus Feats:** At 1st level, the Amazon gets a bonus combat-oriented feat in addition to the feat that any 1st-level character gets. The amazon gains an additional bonus feat at 3rd level and every three amazon levels thereafter (3<sup>rd</sup>, 6<sup>th</sup>, 9<sup>th</sup>, 12<sup>th</sup>, 15<sup>th</sup>, and 18<sup>th</sup>). These bonus feats must be drawn from the feats noted as fighter bonus feats. The amazon must still meet all prerequisites for a bonus feat, including ability score and base attack bonus minimums.

the fighter makes that round suffer a -2 penalty.

**Spells:** Beginning at 4th level, the Amazon gains the ability to cast a small number of divine spells,

which are drawn from the Amazon spell list. The Amazon must choose and prepare her spells in advance (see below).

To prepare or cast a spell, the Amazon must have a Wisdom score equal to at least 10 + the spell level. The Difficulty Class for a saving throw against an Amazon's spell is 10 + the spell level + the Amazon's Wisdom modifier.

Like other spellcasters, the Amazon can cast only a certain number of spells of each spell level per day. her base daily spell allotment is given on Table: A-2 Amazon Spells. In addition, she receives bonus spells per day if she has a high Wisdom score. When Table A-2 indicates that the Amazon gets 0 spells per day of a given spell level, she gains only the bonus spells she would be entitled to based on her Wisdom score for that spell level. The amazon does not have access to any domain spells or granted powers, as a cleric does.

An amazon prepares and casts spells the way a cleric does, though she cannot lose a prepared spell to cast a cure spell in its place. An amazon may prepare and cast any spell on the amazon spell list, provided that she can cast spells of that level, but she must choose which spells to prepare during her daily meditation.

Through 3rd level, an amazon has no caster level. At 4th level and higher, her caster level is one-half her amazon level.
