

A large hexagonal grid pattern, resembling a honeycomb structure. The grid is composed of white hexagons with black outlines. The hexagons are arranged in a staggered fashion, with each row offset from the one above and below it. Each hexagon contains a four-digit number. The numbers are arranged in a regular, repeating pattern across the entire grid. The numbers range from 0000 in the top-left corner to 1621 in the bottom-right corner, following a sequence that suggests a coordinate system (e.g., 0000, 0100, 0200, etc., up to 1600, then 1601, 1602, etc.). The grid is bounded by a thin black line on the left and bottom edges.
