Standard Action

Ranged 10

Attack: Charisma or Constitution vs. Reflex

Target: One Creature

Hit: 1d10 + Charisma or Constitution modifier damage. Increase damage to 2d10 + Charisma or Constitution modifier at 21st level.

Special: At 1st level, you determine whether you use Charisma or Constitution to attack with this power. Once you make that choice, you can't change it later.

This power counts as a ranged basic attack. When a power allows you to make a ranged basic attack, you can use this power.

You fire a bolt of dark, crackling eldritch energy at your foe.
