

Unto Dame Katherine of Lyneham, special advisor to the Sardonyx Throne
From Factor Clarence Gesalt-Tomingval of the Principality of Korflock

Compliments and salutation on behalf of the Earl Alonzo deWais-Inferdal

At the request of Earl Alonzo, I bear for your pleasure a shipment of two bolts of velvet cloth, 2 bolts of pure elven weave and 4 spools of thread of moon-silver, from the Elder Wood on Khamista.

He expresses his profound thanks for the considerable service that you rendered unto the honor of his house in meeting with his grand daughter and addressing her concerns so successfully during the recent ceremonies and celebrations in Canberry city.

I would be honored to meet with you for low tea at your pleasure and at a location of your choosing, to present you with these gifts on behalf of Earl Alonzo, and also to present you with a token that his lordship wishes to have delivered unto the Archduke Alastair, whose ear you have.

I remain your respectful servant.

Clarence Gesalt-Tomingval
