

Field Report -- Acting commander of the Rakshasa Forces under Prince Salaam bin Ziezel.
Unto the allied forces
Unto Grand Dame Brionna of Canberry, OVer-Commander of the Military of the North

Greetings:

I send this message via my nephew whose gift is teleportation to let you know that battle has been joined.

A band of Drow in service to your throne lord has fallen upon the great engine of the enemy. Bombardment of the fringes of the enemy force by Noder Battle group has also renewed.

Field engagement between the forces of the enemy and the Women of the Insane Vow has also been joined. Scouts report that the Insane Vow are holding their own but with casualties.that are very severe.

We are flanking the enemy for our part, and our irregulars have engaged.
