Question	Answer
Can I do a custom Class?	**No** (work around using custom sub-class may be possible, but specifics will be your responsibility)
How do I unprotect a sheet?	Start, Spellcasting & Custom can't be Unprotected. **DON'T ASK.** CS1-CSV, Wildshape, Character Summary & Adventurer's Log: Excel Tab: Review: Unprotect Sheet (Do this at your own risk), DesignSpace: Unprotected
What is the unlock password?	Not given and **DON'T ASK.**
Can you include my new Spleen-hunter subclass on a half-bugbear Artillery-commando for my time-travelling Nazi that I homebrewed…?	Only material which is officially published by WotC is included (does not include Unearthed Arcana or any other publisher, sanctioned or not)
How do I automatically reflect the effects of this magic item I just dreamed up?	See Instructions for Use
When is version X … coming out?	Follow the thread. FA has been constantly updating the sheet.
How do I thank FA for all his effort?	Buy him a beer. "You can show your support by buying me an ice cold beer or a nice bottle of red wine with PayPal" https://www.paypal.com/myaccount/transfer/send Enter "forgedanvil"
Can you include a macro to do XXX?	ForgedAnvil has resisted using macros for anything except the Transfer Tool and Reset Function. This is to facilitate usage on as many platforms as possible.
How do I transfer my information from a previous version?	Use the Transfer Tool which is co-located with the Character Sheet. See the Instructions for use for versions previous to 2.00
Is there an option to add spells gained through the Warlock Invocation - Book of Ancient Secrets?	Use Level 9 spells on the Spellcasting sheet and rename it to Book of Ancient Secrets and type the name of the spells you have there
Not shown Here : See Instructions for Use, then Use Search tool at the ForgedAnvil Thread, then post the question there
